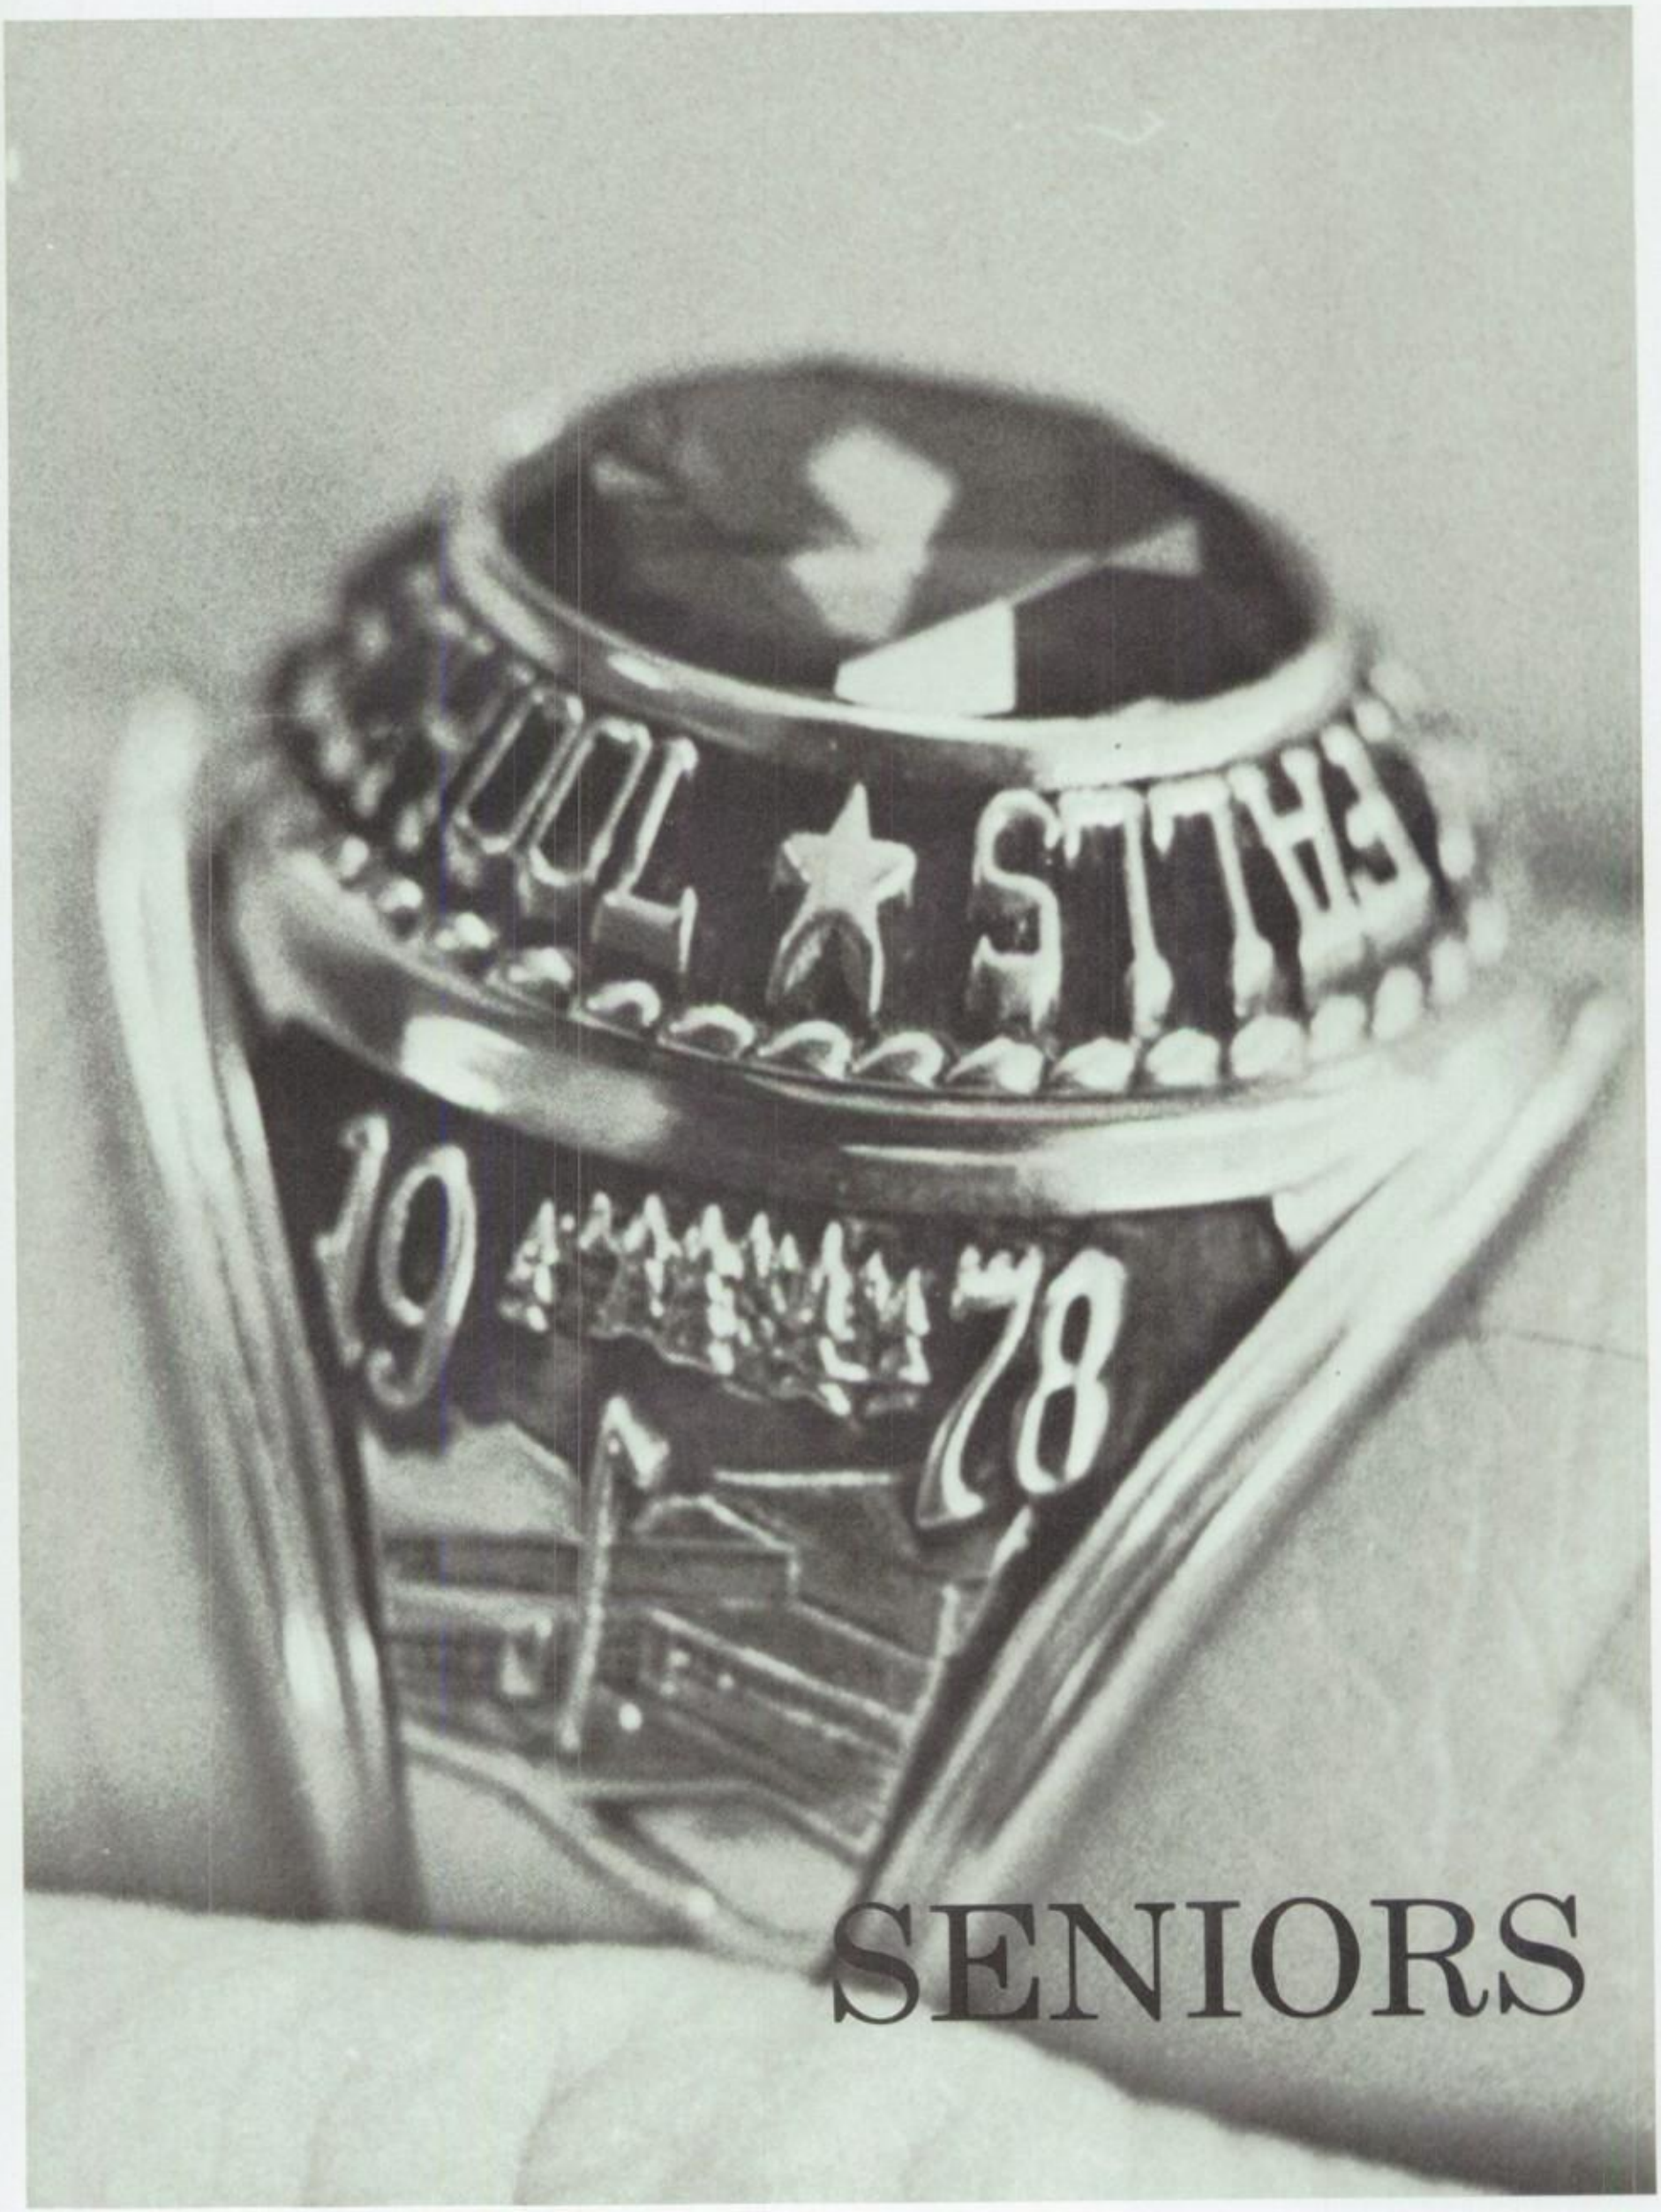
Reminise And Fore Shadow.

We, the graduating class of 1978, leave this yearbook as a memento and a reminder of our years at Hoosick Falls Central School. Being the children of the sixties, we grew up amidst the turmoil that ravaged the country during these years of new awareness.

Flights to the moon, Civil rights struggles across the country, muclear confrontations, and political assassinations-all of this became part of the ever-changing fabric of our younger lives.

Even more important than those sometimes random strands in our lives, is the basic weave - a weave worked from the quiet and permanence, the stability and strength that is our community. The interest in and dedication to sports in both town and school, the excellence and availability of our music programs and the sense of responsibility we have been given are a product of our living in this particular and unique town.

As we begin now to separate, to head out and away in many directions, we shall always remember, with fondness and gratitude, the people, the school, and the town that helped us so much towards growing up.



SENIORS

Seniors

The class of 1978 has been very fortunate. They have had an extremely successful paper drive and an equally successful magazine drive. The class's other activities included the Senior prom and the senior trip. Their high school years will soon be in the past, but they will never forget them. This last year has been the end of a transition; from high school to the world. As they make this transition complete, may their future lives also be complete and full of all the happiness and success possible.

DEDICATION

The 1977-78 edition of Vagabond II is dedicated to the memory of Leslie Sutton. Her dedication to H.F.C.S. in both curricular and extra-curricular activities will be remembered by her parents, teachers, friends, classmates, and all those she came into contact with. Her absence will leave a void in the hearts of all who knew her.
